

OKA Europa

2000/15

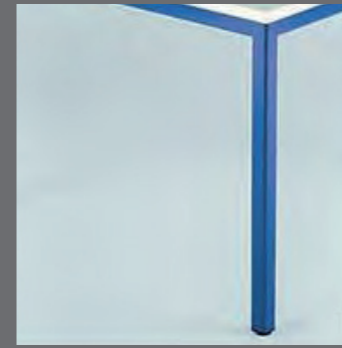

konsequent und funktional
consequent and functional

// Das Büromöbel-Programm OKA Europa 2000/15 ist konsequent auf das Wesentliche beschränkt. Funktionalität und eine klare Linie sind seine prägnanten Merkmale. Und OKA Europa 2000/15 wächst mit den Aufgaben: es kann jederzeit mit Verkettungsplatten und Ansatz-tischen flexibel ausgebaut werden. OKA Europa lässt sich mit fest montierbaren Unterschränken, OKA Containern und mit dem OKA Schrank-Programm perfekt ergänzen.

// A thorough reduction to the essentials is what marks OKA Europa 2000/15. Functionality and a clear, clean design are its most striking features. OKA Europa 2000/15 is also flexible enough to grow with the demands made on it through add-on elements and extension tables - whenever the need should arise. And drawer units, OKA containers or OKA cupboards are ideal supplements to the OKA Europa 2000/15 range.

// Quadratrohr 3,0 x 3,0cm
// 1cm Fußbodenausgleich
// Plattenrahmen aus Rechteckprofil
4,0 x 2,5cm

// square tubular leg 3,0 x 3,0cm
// adjustment for uneven floors
